# Making The Most Of Your Quiz Night

With over 20 years' experience behind us and thousands of weekly customers, we know a little bit about running quiz nights. These are some of our top tips on how to host a professional and fun quiz night that will have your customers returning again and again.

## 1 Pick The Right Night

You know your venue, you know your surrounding area. Make sure that you're choosing a night where you aren't already busy, you're looking to attract a new crowd to add to your existing clientele. Do other pubs in the area have a quiz or other events? Your choice is either compete on the same night or try and attract the quizzers from the surrounding area to your quiz on another night.

## 2 Pick The Right Quiz

Different pubs need different quizzes. What about your pub?

Does your pub want a traditional General Knowledge quiz? What about a specialist quiz – sports or music perhaps?

Choosing the right quiz for your clients is perhaps your most important decision. A more mature audience is likely to prefer a paper and pen based quiz, whilst a younger pub might enjoy the interactive keypad quiz. Redtooth have something for everyone - call us on **01246 813713** to discuss the best quiz for your pub.

## 3 The Quizmaster

Whilst your staff may excel at talking to people on a 1-to-1 level over the bar – they may not be ready to host the quiz using a microphone. Find your most extrovert member of staff who might be up for the task or see if there's a local who is ideal for the job. All they need to run the night is in the weekly pack but make sure the microphone can be heard throughout the venue.

## 4 Preparation Is Key

Once your quiz has been delivered (normally 3-4 days before) – your quizmaster should read the quiz and ensure that they are happy with the questions/answers. Don't be blindsided on the night of the quiz by the long words which will occasionally appear. Our question setters will try and arm you with any addition information you need for a successful quiz.

## Top Insider Tips!

### 5 A Quiz Night – Not Just A Quiz

Every event in your pub happens for one reason only – to make money. Getting people through the door as early as possible and getting them to stay as late as is acceptable is the key. Treat your quiz night like a meal – A Starter, A Main Course and A Dessert. An early table top quiz for people to complete when they arrive; the main quiz as a centrepiece; a jackpot builder at the end. **Eg. BODYPARTS – IT'S YOUR ROUND – LUCKY 13.** Have a read through this booklet and see what suits your pub... There's a special deal too!

### 6 Money, Money, Money

People will pay a minimal cost for the quiz – how much is this? We'd recommend £1-2 per person who is taking part. Ten teams of 4 people at £2 each - £80. This will cover the costs of your quiz night, leaving you to profit from the bar takings.

### 7 Prizes

Prizes are important – they need to be worth winning, yet inexpensive. Giving a bar-tab or voucher keeps the prize in-house. A £50 Bar-Tab costs a lot less than £50 to the pub. Don't give cash, people can spend this elsewhere! A smaller prize for the starter quiz (bottle of wine/fizz), bar tab for the main course, leading to a jackpot prize for the final part of the evening.

### 8 Shout About It

Redtooth can help with promotional materials such as posters – but don't forget the opportunities of social media. Facebook and Twitter are amazing tools for promoting your night – get your information out there.

### 9 The Launch

Starting a new quiz? A big launch night is an option – maybe a special prize to entice the crowd in? If your budget allows – Redtooth can host your first quiz night, bringing along one of our friends from 'The Chase' or 'Eggheads'.

### 10 Have Fun!

Running a successful night means one thing – have fun. Both you and your clients are there to have fun. Happy quizzers will return, week after week – they are creatures of habit! If you need to know anything else about your quiz night – just ask, we are here to help!

# The Big Weekly Quiz

The latest and biggest paper quiz game from Redtooth!

The quiz includes exciting new rounds such as the Wipeout and the Speed round and the chance to play a "Joker" card to earn extra points. There's lots of great game play and fun for the teams playing. Our most extensive quiz to date with 100 answers, and every week brings a brand new set of meticulously crafted questions.

## The WIPEOUT Round!

Featured as round one and played on a separate gamesheet - each week there are 20 answers on the grid but only 10 are correct... you have to circle the 10 correct ones. If you circle one that's incorrect - your score for this round is wiped out!

Example:

Here are 20 popular girl groups/girl bands, 10 have had at least one Number 1 hit in the Official UK Charts - circle up to 10 bands that have had a No. 1 UK hit but beware, circle one that has not and your score is wiped out!

The Next 5 rounds are general knowledge rounds and after round 2 teams can play a 'joker' to double up on their points scored.

Top 5's feature next in Round Seven, there's five answers per question with a point scored for each correct answer and there's 5 sets of them!

The Speed Round - Round Eight is the final round and gives you a time limit of 5 minutes to get your heads down and think of the multiple answers to a question.

There are 20 answers for the speed question each week - here's an example question: Can you name 20 James Bond movies in 5 minutes? - You get a point for each.

### ROUND ONE - WIPEOUT!

Only mark the answers you think are correct, one wrong answer and your score is wiped out!

Listed below are twenty items - ten of these have been used as a playing piece in the board game MONOPOLY (main format only, no special editions), ten have not. Simply circle UP TO ten items which have been used in the game, avoiding the others, but remember, one wrong and you score ZERO for this round.

Monocle	Scottie Dog	Cauliflower	Top Hat	Penguin
T-Rex	Battleship	Pyramid	Thimble	Iron
Mushroom	Tree	Car	Rubik's Cube	Goldfish
Cannon	Bumblebee	Boot	Diamond Ring	Newspaper

The weekly pack contains:

- 15x Answer Sheets
- 15x Wipeout Sheets
- Questions and Answers

- In the event of a tie, the person/team with the most top answers is the winner. Alternatively the quiz master may ask a tie-breaker question.

Please don't use your mobile during the pub quiz. Thanks.

# Connect 5

Questions are read out in numerical order and the answers written on the answer sheets provided. After all the questions are answered, the top copy of the answer sheet is handed in to the question master. Answers are then given in a random order and the first team to connect five correct answers either horizontally, vertically or diagonally is the winner. A secondary prize can also be given for the highest score out of 25.

The weekly pack includes 25 answer sheets all with different number combinations and a set of 25 Connect 5 questions with answers in a predetermined random order with three spare questions and a tiebreaker.

# Lucky 13

Three games for the price of one. This is one of the best ways of keeping your customers engaged during the night. The game sheet includes two sessions of Lucky 13 and a new Redtooth game Red or Black.

Each game sheet consists of two games of Lucky 13 each with 13 cards. For each game the quiz master turns cards from his A4 deck. Players tick off matching cards on their game sheet. The first player to mark off all their thirteen cards is the winner. A jackpot element is also included to allow for a weekly rollover.

In Red or Black players have to predict in advance the colour of seven playing cards to be turned over at random by the quiz master. As soon as one of their predictions is incorrect they are out of the game. There is a final space on the game sheet for each player to record the value of the final playing card to be turned over for the purposes of a tiebreak. The weekly pack includes 40 randomly numbered A4 full colour game sheets.

**£5.45 + VAT per week**

Subscribe to the weekly Lucky 13 game and you can order a wax coated pack of Redtooth's A4 playing cards for half price - £9.97 - saving £9.97!

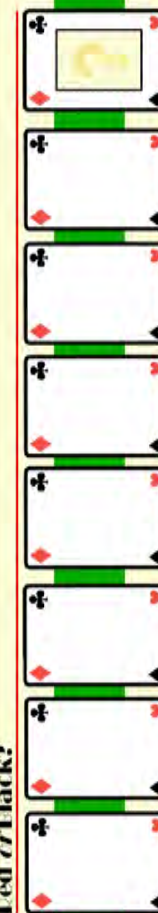

(Minimum Subscription for this offer is 12 weeks)

Find more games online at [www.redtoothquiz.co.uk!](http://www.redtoothquiz.co.uk!)

## Red or Black?

Predict red or black by writing **R** or **B** on each card before the game begins but also predict the value of the final card by writing that on the last card above (as a tiebreaker). Once you have chosen **R** or **B** and written it down, stand and hold your sheet in the air for **Red** or low down for **Black**. If you get it wrong then sit down and you are out of the game! If there's more than one winner the player who's prediction is closer to the actual final card wins.

## Lucky 13 Rollover Jackpot

At the beginning of the game, the dealer will deal a "jackpot" card, while this in the space provided, if the value of your winning marked card is the same as that card you win the rollover jackpot - if nobody wins then the jackpot is "rolled over" to the next week's game.

# Spin The Wheel

Spin the Wheel is a stand-alone unit with twelve numbered segments making it a versatile tool for pub games.

Completely new design and mechanism for a great effect. It's impossible for the pointer to roll back once it's landed in the final space.

44cm diameter, 58cm tall.

**£99.50 + VAT**

# Crack The Safe

Can you crack the safe?  
Unlock the combination lock to get at the gold inside.

Players reach into the box top to grab a disc with a 3 digit code on it - then try that code to open the combination padlock - if it works they win! If not the prize remains safe until next time...

The kit contains a solid safe box with a round door on the front and a compartment on the top. It also comes with a 3 digit combination lock, 10 discs with numbers on and one bar of 'gold' to go inside the box.

**£99.50 + VAT**

THE REDTOOTH  
**KEYPAD**  
QUIZ

The Original Interactive Quiz from Redtooth.  
Play along with Keypads and join in the Quiz!

# The System

The Keypad System uses the same great software as SmartQuiz to run your quiz night - the difference being that it uses hardware Keypads rather than Smartphone apps.

This has some advantages in that it can suit your audience better if they don't use smartphones or just makes it simpler for customers to join in. The disadvantage is that you do require a screen for players to view and also that some question types are simplified to suit the fixed keypad choices versus the app version.

The keypads are very simple to operate and the quizmaster only needs a laptop and a connection to a TV screen in order to play. Everything else you need, the receiver and the software instructions is in the supplied flight case along with full support from Redtooth to get you up and running!

The Keypad kit is **£20 + VAT per week**

**This includes our three keypad games: Take Your Click, Last Man Standing and Capital Letters.**

The Kit Contains:

- 20 x Redtooth Keypads (AAA batteries not included)
- 1 x USB Receiver with 100ft range
- User guide
- Quiz Software Download
- Flight case
- Weekly games are downloaded to your laptop
- A2 Posters

You require:

- Windows Laptop
- Internet connection for downloading games - not for playing them
- Audio connection to PA system for sound FX and music clips
- Video connection from your laptop to a TV screen or projector in your venue to display the games.
